

WEST VIRGINIA LEGISLATURE

2022 REGULAR SESSION

Introduced

House Bill 4662

BY DELEGATES STEELE, CROUSE, TULLY AND DEAN

[Introduced February 14, 2022; Referred to the
Committee on Health and Human Resources]

1 A BILL to amend the Code of West Virginia, 1931, as amended, by adding thereto a new section,
2 designated §49-2-115a, relating to licensure of Head Start facilities in this state.

Be it enacted by the Legislature of West Virginia:

ARTICLE 2. STATE RESPONSIBILITIES FOR CHILDREN.

§49-2-115a. Head Start program licenses.

1 Notwithstanding any provisions of this code to the contrary, any Head Start program
2 licensed by the federal government pursuant to 42 USC §9381 may be considered qualified as
3 deemed licensed having met the application requirements of this section, providing they do not
4 have outstanding health or safety complaints or investigations and remain generally in good
5 standing. Nothing herein shall be construed to prevent the department from investigating
6 complaints. If a complaint investigation affirms a health and safety complaint is justified, the
7 department may cause the Head Start program to revert to the full licensing procedure. All Head
8 Start programs licensed, whether deemed or under traditional licensure through the department,
9 shall have use of the WV CARES background check section.

NOTE: The purpose of this bill is to eliminate duplicative efforts to license Head Start facilities in this state.

Strike-throughs indicate language that would be stricken from a heading or the present law, and underscoring indicates new language that would be added.
